

AFTER CARE INSTRUCTIONS

CARE DETAILS

PLEASE NOTE — All fabrics will adjust to the environment and environmental changes in which they have been hung. We recommend an allowance of +3% for possible movement after drapes have been hung on site.

HOW TO CARE FOR WILSON FABRICS

1. Curtains should be lined when subjected to strong sunshine. Lining improves the appearance and ensures longer life of curtains.
2. Entrust the cleaning of your furnishings only to reputable dry cleaners or laundries who specialise in home furnishings.
3. Be tolerant of small fluctuations in lengths of curtains. Fabrics are never completely stable. They breathe and absorb moisture, reacting to atmosphere changes, resulting in stretching or shrinking.
4. If dust is allowed to accumulate in curtains, it will shorten the life span. Regular vacuuming with the appropriate attachment will overcome this.
5. It is reasonable to expect about 3% movement in curtains. This would amount to about 9cms in a 3 metre long curtain, depending on the fabric involved. A good safeguard is to simply tack the base hem and leave the curtain hanging for approximately 3 months before making any adjustments.

FABRICS AFTER CARE INSTRUCTIONS

CARE LABEL NO. 1

For use on velvet, silk & speciality fabrics. Remove hooks, rings & trims before cleaning. Regularly gently vacuum with appropriate attachment. Do not wash. Do not iron. Dry clean only (P50). Protect against sunlight with lining or other shading devices. Possible shrinkage 3%.

CARE LABEL NO. 2

For use on rayon/acetate and other fabrics such as bulky cottons, poly/cottons which may shrink. Remove hooks, rings & trims before cleaning. Regularly gently vacuum with appropriate attachment. Do not wash. Dry clean only (P50). Warm iron. Protect against sunlight with lining or other shading devices. Possible shrinkage 3%.

CARE LABEL NO. 3

For use on printed or dyed cotton and linen fabrics which may be dry cleaned. Remove hooks, rings & trims before cleaning. Regularly gently vacuum with appropriate attachment. Do not bleach. Warm hand wash. Do not tumble dry. Drip dry in the shade without delay. For best results hang curtains by their hooks to dry. Dry cleanable (P50). Protect against sunlight with lining or other shading devices. Possible shrinkage 3%.

CARE LABEL NO. 3A

For use on printed or dyed cotton and linen fabrics which may not be dry cleaned. Remove hooks, rings & trims before cleaning. Regularly gently vacuum with appropriate attachment. Do not dry clean. Do not bleach. Warm hand wash. Do not rub or wring. Do not tumble dry. Drip dry in shade. For best results hang curtains by their hooks to dry. Use warm iron lengthways. Protect against sunlight with lining or other shading devices. Possible shrinkage 3%.

CARE LABEL NO. 3B

For use on pigment printed or solid colour pigment cotton and linen fabrics. Do not dry clean. Warm hand wash. Do not rub or wring. Do not bleach or tumble dry. Drip dry in shade. Warm iron. Possible shrinkage 3%.

CARE LABEL NO. 3M

For use on some cotton & linen fabrics with metallic print. Remove hooks, rings & trims before cleaning. Regularly gently vacuum with appropriate attachment. Do not bleach. Do not soak. Do not use soap. Do not rub or wring. Warm hand wash using synthetic detergent which does not contain enzymes or perborate. Drip dry in the shade. For best results hang curtains by their hooks to dry. Warm iron under dry cloth. Do not dry clean. Protect against sunlight with lining or other shading devices. Possible shrinkage 3%.

CARE LABEL NO. 4

For polyester fabrics and/or polyester blends. Woven or knitted. Remove hooks, rings & trims before cleaning. Regularly gently vacuum with appropriate attachment. Do not bleach. Do not rub or wring. Warm hand wash. Drip dry in shade. For best results immediately re-hang curtains to dry whilst damp. Warm iron if needed. Dry cleanable (P50). Possible shrinkage 3%.

CARE LABEL NO. 5

For use on acrylic & mod acrylic fabrics.

Remove hooks, rings & trims before cleaning. Regularly gently vacuum with appropriate attachment. Do not bleach. Do not rub or wring. Warm hand wash. Do not tumble dry. Drip dry in shade. For best results immediately re-hang curtains to dry whilst damp. Cool iron if needed. Do not steam iron. Dry cleanable — no steam pressing — (P50). Possible shrinkage 3%.

CARE LABEL NO. 7

For use on some acrylic mixtures and/or polypropylene blends which cannot be dry cleaned or where dry cleaning is not recommended.

Remove hooks, rings & trims before cleaning. Regularly gently vacuum with appropriate attachment. Do not dry clean. Do not bleach. Warm hand wash. Do not rub or wring. Do not tumble dry. Drip dry in shade. For best results hang curtains by their hooks to dry. Do not steam iron. Use cool iron. Possible shrinkage 3%.

AFTER CARE INSTRUCTIONS

ACRYLIC FOAM BACKED FABRICS AFTER CARE INSTRUCTIONS

CARE LABEL NO. 6

Coated fabrics. Dry clean or wash. For use on acrylic foam backed fabrics and flock coated fabrics of both man-made fibres and cotton. Regular care will minimise the need for additional cleaning. Gently vacuum with appropriate attachment. Always exercise caution when spot cleaning. Test cleaning on non-exposed surface. Avoid excessive rubbing and abrasion. Remove hooks, rings & trims before cleaning.

Cleaning

Possible Shrinkage 3%

Dry cleaning: Use specialist curtain dry cleaners as recognised by the Soft Furnishings Industry Association of Australia Inc.

For perchloroethylene: Solvent temperature 18–20°C. No moisture, gentle cycle, moderate loading (approx. 50% capacity) to minimise mechanical action.

One bath dry cleaning procedure: 3 minutes passing through the filter, reduced mechanical action, 2 minutes drain to tank or still, 2 minutes extract to tank or still.

Two stage drying procedure: 25 minutes drying at 55°C, then 6 minutes drying at 35°C. Deodorise 6 minutes or until curtains are cool.

For white spirit or hydrocarbon: Standard cleaning practices are appropriate. Hang curtains upon removal from machine. Do not iron/press coated side. Warm iron/press on fabric side only. Washing: Curtains are heavy when wet. Professional wet cleaning recommended.

Do not wash in domestic washing machine.

Hand wash in cool to warm water (max. 40°C). Mild detergents such as wool mixes are recommended. Do not bleach, soak, rub or wring. Drip dry in shade.

Do not tumble dry. Hang curtains by their hooks to avoid coated sides touching.

Do not use pegs. Do not fold curtains over clothes lines. Do not iron/press on coated sides. Warm iron/press on fabric side only.

* For detailed code of practice for cleaning coated fabrics, dry cleaners are encouraged to contact the DIA.

CARE LABEL NO. 6D

For use on acrylic foam backed fabrics and flocked coated fabrics of both man-made fibres and cotton.

Regular care will minimise the need for additional cleaning. Gently vacuum with appropriate attachment. Always exercise caution when spot cleaning. Test cleaning on non-exposed surface. Avoid excessive rubbing and abrasion.

Cleaning

Washing: DO NOT WASH

Dry cleaning: Dry clean only. Possible shrinkage 3%.

Use specialist curtain dry cleaners as recognised by the Soft Furnishings Industry Association of Australia Inc.

Remove hooks, rings and trims before cleaning.

For perchloroethylene: Solvent temperature 18–20°C. No moisture, gentle cycle, moderate loading to minimise mechanical action.

One bath dry cleaning procedure: 3 minutes passing through the filter, reduced mechanical action, 2 minutes drain to tank or still, 2 minutes extract to tank or still.

CARE LABEL NO. 6W

For use on acrylic foam backed fabrics and flock coated fabrics of both man-made fibres and cotton.

Regular care will minimise the need for additional cleaning. Gently vacuum with appropriate attachment. Always exercise caution when spot cleaning. Test cleaning on non-exposed surface. Avoid excessive rubbing and abrasion.

Cleaning

Washing: Possible shrinkage 3%.

Remove hooks, rings & trims before cleaning. Curtains are heavy when wet. Professional wet cleaning recommended.

CARE LABEL NO. 6M

For use on acrylic foam backed fabrics with metallic print. Remove hooks, rings and trims before cleaning. Gently vacuum with appropriate attachment. Do not soak. Do not bleach. Do not rub or wring. Do not use soap. Warm rinse. Do not tumble dry. Do not use pegs or fold over clothes line. Drip dry in shade. For best results hang curtains by their hooks to dry. Avoid wet coated sides touching. Cool iron lengthways over dry cloth on fabric side. Possible shrinkage 3%.

Do not wash in domestic washing machine.

Hand wash in cool-to-warm water (max. 40°C). Mild detergents, such as wool mixes are recommended.

Dry cleaning: DO NOT DRY CLEAN.

AFTER CARE INSTRUCTIONS

UPHOLSTERY AFTER CARE INSTRUCTIONS

CATEGORY 1U

PILE FABRIC

REGULAR CARE — Protect from sunlight. Vacuum regularly using low suction. Rotate reversible cushions regularly.

SPOT CLEANING — Treat spills and stains as soon as possible. Gently scrape any soil or mop any liquid from the surface of the fabric. Apply proprietary cleaning agents strictly according to instructions to remove the residue of the spill. Do not saturate the fabric or interior with water or other cleaning liquids. May be spot cleaned.

CLEANING — Do not remove cushion covers for separate cleaning or washing, even though they may have zippers. Do not use dishwashing or laundry detergents. Shampoo clean using upholstery shampoo. Do not wet filling. Do not scrub with stiff brush. Gently vacuum to restore pile. Dry in shade away from direct heat. Allow to dry thoroughly before re-use.

OR Clean with hot water extraction machine (HOT). Professional cleaning recommended. Use only upholstery detergent. Do not wet filling. Dry in shade away from direct heat.

Gently vacuum to restore pile. Allow to dry thoroughly before re-use.

OR Clean with an on-site dry cleaning machine. (P). Professional dry cleaning only. Do not wet filling with solvent. Exhaust solvent vapour outside building. Allow to thoroughly dry before re-use.

CATEGORY 3U

NON-PILE FABRIC

REGULAR CARE — Protect from sunlight. Vacuum regularly using low suction. Rotate reversible cushions regularly.

SPOT CLEANING — Treat spills and stains as soon as possible. Gently scrape any soil or mop any liquid from the surface of the fabric. Gently vacuum to restore pile. Allow to dry thoroughly before re-use.

OR Clean with an on-site dry cleaning machine (P). Professional dry cleaning only. Do not wet filling with solvent. Exhaust solvent vapour outside building. Allow to thoroughly dry before re-use.

CATEGORY 4U

NON-PILE FABRIC

SOIL RESISTANT TREATED

REGULAR CARE — Protect from sunlight. Vacuum regularly using low suction. Rotate reversible cushions regularly.

SPOT CLEANING — Treat spills and stains as soon as possible. Gently scrape any soil or mop any liquid from the surface of the fabric. Apply proprietary cleaning agents strictly according to instructions to remove the residue of the spill. Do not saturate the fabric or interior with water or other cleaning liquids. May be spot cleaned according to instructions to remove the residue of the spill. Do not saturate the fabric or interior with water or other cleaning liquids. May be spot cleaned.

CLEANING — Do not remove cushion covers for separate cleaning or washing, even though they may have zippers. Clean with hot water extraction machine (HOT). Professional cleaning recommended. Use only upholstery detergent. Do not wet filling. Dry in shade away from direct heat. Gently vacuum to restore pile. Allow to dry thoroughly before re-use.

OR Clean with an on-site dry cleaning machine (P). Professional dry cleaning only. Do not wet filling with solvent. Exhaust solvent vapour outside building.

Allow to thoroughly dry before re-use. Re-application of soil resistant treatment may be necessary.

CARE LABEL NO. 7F

For use on flock type fabrics such as plush velvets. Remove hooks, rings & trims before cleaning. Regularly gently vacuum with appropriate attachment. Do not dry clean. Do not bleach. Warm hand wash. Do not rub or wring. Do not tumble dry. Drip dry in shade. For best results hang curtains by their hooks to dry. Cool iron on reverse side of fabric. Do not steam. Possible shrinkage 3%.

CARE LABEL NO. 8

For use on woollen fabrics and particularly woollen scrims which cannot be washed. Fabric must be protected against sunlight with lining and/or other shading devices. Remove hooks, rings & trims before cleaning. Regularly gently vacuum with appropriate attachment. Do not wash. Dry clean only (P50). Reduce load & tumble dry at 55°C. Cool iron may be used. Possible shrinkage 3%.

AFTER CARE INSTRUCTIONS

SPECIALITY FABRICS AFTER CARE INSTRUCTIONS

CARE LABEL NO. FR 2

FR TREATED RAYON/ACETATE & OTHER FABRICS SUCH AS BULKY COTTONS/POLY COTTONS.

Remove hooks, rings & trims before cleaning. Regularly gently vacuum with appropriate attachment. Do not wash. Dry clean only (P50). Warm iron if needed. Protect against sunlight with lining or other shading devices. Possible shrinkage 3%.

CARE LABEL NO. FR 4

FR TREATED POLYESTER & POLYESTER BLENDS

Remove hooks, rings & trims before cleaning. Regularly gently vacuum with appropriate attachment. Do not wash. Dry clean only (P50). Warm iron if needed. Protect against sunlight with lining or other shading devices. Possible shrinkage 3%.

CARE LABEL NO. 6Z

ROMAN BLIND FABRICS

Do not allow dust to accumulate. Regularly gently vacuum with appropriate attachment. Do not wash. Do not dry clean. Warm iron if needed. Test in inconspicuous area with mild detergent solution prior to spot cleaning. Do not allow blind to become fully wet, use damp cloth only.

HOMEWARES CARE LABELS

COTTON/POLYESTER — 100% POLYESTER FILL

Warm hand wash. Do not bleach, rub or wring. Rinse well. Gently squeeze out excess water. Line dry. Warm iron if desired. Do not dry clean. May be professionally laundered.

COTTON/POLYESTER AND 100% COTTON

Wash separately before use. Warm machine wash 30°C. Short spin. Line or tumble dry. Do not bleach. Warm iron if desired. Do not dry clean.

POLYPROPYLENE, POLYESTER, COTTON

Regular Care and Cleaning. Protect from sunlight. Regularly vacuum using low suction. Gentle machine wash, do not bleach, tumble dry or dry in direct sunlight. Warm iron only. Do not dry clean.

CARE LABEL NO. 022

FLAME RETARDANT POLYESTER PURPOSE FABRICS

Remove hooks, rings & trims before cleaning. Do not allow dust to accumulate. Gently vacuum with appropriate attachment. Machine wash, mild detergent up to 70°C. Do not bleach. Warm iron if required.

Dry cleanable

Ensure dry cleaner is a drapery specialist.

Do not over load machine, no more than 10 kg of fabric in a 30 kg machine. Use pure solvent, do not charge with water or detergent. Solvent temperature should be no less than 18°C & no more than 20°C. Cleaning cycle no more than 3 min. Spin lightly, drying temperature should not exceed 60°C. Drying time 25 min. or less. Possible shrinkage 3%

SPOT CLEANING

Treat spills and stains as soon as possible. Gently scrape any soils or mop any liquid from surface of the fabric. Test on concealed area for effect before proceeding. DO NOT saturate the fabric with water or any other cleaning products. May be spot cleaned with dry cleaning solvent.

COTTON/POLYESTER — ACRYLIC COATED

Regular care will minimise the need for additional cleaning. Gently vacuum with appropriate attachment. Always exercise caution when spot cleaning. Test cleaning on non-exposed surface. Avoid excessive rubbing and abrasion. Remove hooks, rings & trims before cleaning.

Cleaning: Hand wash in cool to warm water using a mild detergent. Do not bleach, soak, rub or wring. Drip dry in shade. Do not use pegs or fold over clothes line. For best results hang curtains by their hooks to dry. Avoid wet coated sides touching. Do not tumble dry. Warm iron on fabric side. Dry cleanable (P30). Possible shrinkage 3%.
