why choose dc+b folding arm awnings

Whether your looking for an Awning to provide shade, or to create an all inclusive outdoor room to enjoy all year round, we have the outdoor product to suit - all custom made to fit your external shading requirements.

At dc+b our Awnings are proudly made in Australia which means you can be sure of a higher standard of quality, more variety and better service; all vital advantages.

Our Folding Arm Awnings feature duel spring systems in the arms controlled by dynema tape unlike most which are controlled by a heavy chain system.

Dynema tape is over 5 times stronger than the traditional chain system. Designed not to be effected by the elements it wont rust or get clogged with dirt and dust providing a smoother longer lasting system.

Our Awnings are 100% custom made ensuring you get the perfect fit for your home.

- + Stylish
- + Robust
- + Energy efficient

- + Made for you - Australian made, for the Australian market
- + Flexibility - Choose your style, fabric, transparency, colour, finish, control type + accessories from Australia's largest range
- + No short cuts - 100% custom designed + manufactured
- + Consistent quality - Every product goes through stringent quality control testing
- + Market leading - The highest quality fabrics + componentry made to last in Australia's harsh climate

features + benefits

Our range of Folding or Retractable Arm Awnings are ideal for extending your living room outdoors.

- + Australian designed, Australian made
- + Custom made to fit widths up to 7 metres wide*
- + Extends living spaces
- + No obstruction posts underneath
- + High quality fabrics + componentry suitable for the Australian climate
- + Stringent quality control + testing
- + Reflects heat + keeps interiors cool
- + Smart motion sensor control
- + Folding Arm Awnings are a sun control product, not an all-weather product + should be retracted in wet weather + windy conditions.

*4m projection has a maximum width of 6m wide

*Available in selected stores only

A stylish and streamlined Awning, when extended it has no need for support posts underneath which keeps the area completely clear for furniture and more importantly entertaining! Ideal for outdoor entertaining areas such as courtyards, patios, pools, decks, and terraces.

The robust folding arm mechanism folds away and requires no other form of support or the construction of a fixed cover, so you can make the most of every inch of your outdoor entertaining space.

Folding Arm Awnings will greatly improve your outdoor living space, shading and protecting you and your outdoor furniture.

Ideal for large spaces, Folding Arm Awnings are made in custom widths and lengths and the folding arms allow the Awning to extend across large expanses. Extending and retracting the Awning is easy.

automation

- + Easy to operate
- + Easy to use remote control or smartphone app
- + Control one Awning or a group at the same time
- + Clean, modern look with no cords
- + Suitable for difficult to reach windows
- + Operate heavy window coverings with ease
- + Child + pet safe

We offer this product as an Automated product and there's a very good reason for that. The motion sensor detects when the weather has changed and the wind has picked up and instantly retracts the Awning to protect it.

With an Automated motion sensor the Awning becomes smarter, protected from damage and therefore any associated costs, and gives you peace of mind because if you're not home when bad weather strikes, it's all taken care of for you.

We can customise the perfect Awning for your space to suit all your outdoor shading and location requirements. Available in a variety of designer fabrics and colours to complement your home.

piccolo folding arm awnings

Features and Benefits

- + Great value
- + Compact
- + Open style
- + Entry level folding arm awning
- + Suitable for smaller applications

viento folding arm awnings

Features and Benefits

- + Semi enclosed cassette design
- + Compact
- + Heavy duty componentry
- + Suitable for large applications
- + Class 2 wind rating

design options

NO CASSETTE	SEMI CASSETTE
<p>A modern industrial look with no cassette. This is the ideal choice to reduce costs but it will leave the fabric and components exposed to the elements.</p> <p>*Piccolo only</p>	<p>The semi cassette offers a different aesthetic where a small amount of fabric remains partly visible when not in use. When retracted the fabric and mechanisms are protected from rain, UV and dirt. This ensures longevity while giving a softer appearance.</p> <p>*Viento only</p>

hardware colours

BLACK	SILVER	WHITE
		

fabrics

A world of choice.

With Australia’s largest selection of Outdoor Blind and Awning fabrics, you’ve come to the right place.

Fabric is an essential part of choosing Awnings. Each fabric has its own unique characteristics and performance levels so it’s important to choose the best fabric for your lifestyle.

*Please note that Folding Arm Awning fabrics are water resistant, not water proof.
